## HOT LAPS

### WINTER ALE

---

Brewed with a combination of strong malts and complemented by notes of vanilla, cinnamon, and dried orange peels, this ale is a nod to winter's distinctive flavours. Expect the aroma of spiced pastries and citrus with a hint of nuttiness up front. The palate is met with a smooth texture marked by vanilla, a touch of cinnamon, and the slight bittersweet of orange, resulting in a memorable finish that evokes the flavour of winter.
